

Visual Comparison of WWI and WWII

Create a visual comparison of the two World Wars to help better the understanding of the similarities and differences. Where did the wars take place in Europe, when did they take place, who were the leaders, who assisted each other, what were the outcomes and how did they end? You must have a total of 10 pictures for each war. They must also have a description to explain them. The pictures can be computer generated or hand drawn, but must be neat and show effort. The information can be displayed in any format which allows you to share it with the class. Follow the rubric below.
